# Ayurveda AV

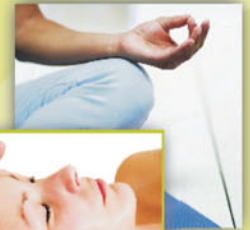

for a healthier life ...

Ayurveda is a Sanskrit word, derived from two roots: **ayur**, which means life, and **veda**, knowledge. Knowledge arranged systematically with logic becomes science.

Over the course of time, Ayurveda became the science of life. It has its root in ancient vedic literature and encompasses our entire life, the body,

mind and spirit. Ayurveda is based on scientific principles of diagnosis and treatment.

Based on Ayurveda, health is the balanced conditions of body, spirit, mind and environment.

Ayurveda AV is  AmsarVeda™  
(Ayurveda by Amsar Pvt. Ltd. - India)
